WELCOME

Together again...
at last

An unforgettable holiday, this year more than ever

This winter, the pleasure of seeing you will be even greater than in previous seasons.

We cannot wait to see you racing down the slopes with your friends and family and are already imagining you around the table enjoying a fondue or a raclette made with local products, or watching the progress of your children who will be taking a snowflake or star badge home at the end of the holiday.

For those of us whose job it is to craft and create your holiday and whose main aim is to welcome you here to share our love of the mountains, it will be a great moment when we are able to open our doors once again.

It is with real feeling that we say to you:

- ~ Thank you for trusting us and letting us help to create your memories
- ~ Thank you for sharing all these moments with us.
- ~ Thank you for coming (back) to see us...

You are at home here.

Champagne en Vanoise takes care of you

Because your holiday should be a serene, stress-free time, the resort of Champagne en Vanoise and all the professionals you will be in contact with here, have put in place the appropriate procedures to ensure your health and safety.

We would ask everyone to follow the rules that we have all already adopted

*Tables at least 1
metre apart or a
fixed or movable
barrier to ensure
physical separation*

Quelles que soient les conditions météo, il y a toujours une bonne raison pour aller rider mais ce que je préfère ce sont les journées « poudreuses » qui me permettent d'aller chercher les plus grosses barres rocheuses et de repousser mes limites. route information practical advice

Check the weather forecast (at all the Information Points and in the Tourist Office or on the electronic notice boards in your resort) so you are aware of the road conditions when you set off. During the French school holidays the «Partir à la bonne heure» (Leave in good time) campaign will be posted up in the Tourist Office and the Information Points from the Thursday. This will recommend certain departure times in the light of the traffic flow anticipated by the Direction Départementale de l'Équipement de la Savoie (the departmental road authority).
- In case of snow: consider clearing the snow from your car throughout the week so it doesn't get too hard. Don't forget to take the snow off the roof of your car because if you brake sharply it could fall onto your windscreen. It is important to have chains (sold in the SHERPA mini-market in Champagny en Vanoise) or snow tires. Chain before your departure and unleash if possible on the areas provided for this purpose.
